Summary

A final-year B.Tech Computer Science student passionate about programming and web development. Skilled in the MERN stack, I build scalable and responsive applications. Strong in Data Structures and Algorithms (DSA) with a problem-solving mindset, I enjoy tackling coding challenges and collaborating on innovative solutions.

Education

Guru Tegh Bahadur Institute of Technology, Delhi, India

CGPA: 8.48/10.0

B.Tech (Computer Science) - (08/2021 - Present)

Satluj Public School, Sirsa, India

Percentage: 85.6

Senior Secondary (04/2018 - 03/2020)

Experience

CodSoft (Web Development Intern)

(08/23 – 09/23)

- Developed multiple web development projects using the MERN stack, showcasing creativity and technical skills. The projects built during internship were mainly web-based, using HTML, CSS, JavaScript, Node.js, and React
-

Skills

- Programming Languages:** C++, C, Java, JavaScript, HTML, CSS
 - Framework & Technologies:** Node.js, React, Express.js, Git, Github
 - Databases:** MySQL, MongoDB
-

Projects

Node Link – Interactive Graph Visualization ([Live Demo](#))

- Engineered a real-time graph visualization tool using JavaScript, jQuery, SVG, HTML5 Canvas, and CSS, enhancing understanding of graph structures.
- Designed an intuitive text-based input system to dynamically render nodes and edges, allowing seamless user interaction with high-performance rendering and smooth animations.

AamSutra - An E-Commerce Website

- Developed a fully responsive eCommerce platform with user authentication, product showcases, and contact support using HTML, CSS, JavaScript, and Bootstrap.
- Focused on UI/UX enhancements, ensuring seamless navigation, improved user engagement, and a superior shopping experience for high-quality mango products.

Annapurna Connect – Food Donation Management Platform

- Spearheaded the frontend development and UI/UX design in a collaborative group project tackling food waste and hunger.
 - Developed a real-time donation tracking system and NGO profiles, fostering transparency and efficiency in food distribution.
 - Integrated responsive design principles, ensuring accessibility across devices.
-
